Dr. Earl Hawkesworth
Deputy Minister of Education

Dr. Earl Hawkesworth served as Deputy Minister of Alberta Education from September 1971 to December 1981. During his tenure, pre-school education became available Province wide, Hutterite schools became part of the public system, and advances were made in the education for the Province's handicapped students and in programs for culturally disadvantaged children.

During Dr. Hawkesworth's time in office, the Alberta School for the Deaf developed a Resource Centre to serve the Province's hearing impaired students, established a pre-vocational program, provided on-site programming to deaf/blind children, and thus varied its program to meet the ever changing needs of the population it served.

Dr. Hawkesworth began his education in Nova Scotia, and commenced his Alberta career in 1958. Since that time he has served as school Principal, Superintendent, Inspector of High Schools, Associate Deputy Minister, and Deputy Minister of Alberta Education.

The 1981-82 Yearbook is dedicated to Dr. Hawkesworth by the students of the Alberta School for the Deaf, wishing Dr. Hawkesworth an enjoyable and long retirement.

Premier's Message

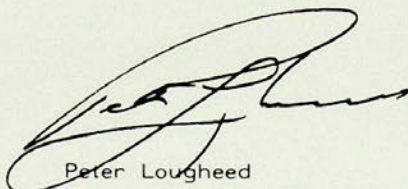

THE PREMIER OF ALBERTA
Room 307 Legislature Building, Edmonton, Alberta, Canada

MESSAGE FROM PREMIER LOUGHEED

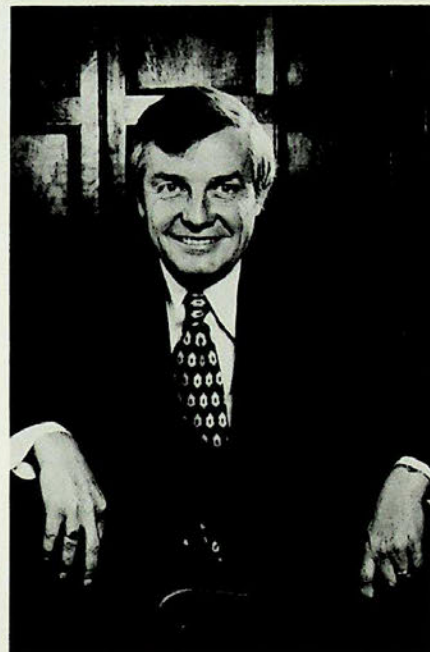

It is again my pleasure to have an opportunity to contribute to the Alberta School for the Deaf Yearbook.

I know I speak on behalf of all Albertans when I say how proud we are of the accomplishments made by those with serious hearing handicaps. Through your skills, talents and involvement you can all do your part in helping to meet the challenges of the future.

Please accept my warmest best wishes to all students attending the School for the Deaf.

Peter Lougheed

Rt. Hon. P. Lougheed
Premier

Education Minister's Message

Dear Mr. Jamieson:

Thank you for the opportunity to contribute to your 1981-82 yearbook. Your government takes great pride in both the staff and students of the Alberta School for the Deaf. Your achievements during the 1981-82 school year have been notable and the theme of the 1981 International Year of Disabled Persons, "Full Participation and Equality," has been visibly reinforced in Alberta through your efforts.

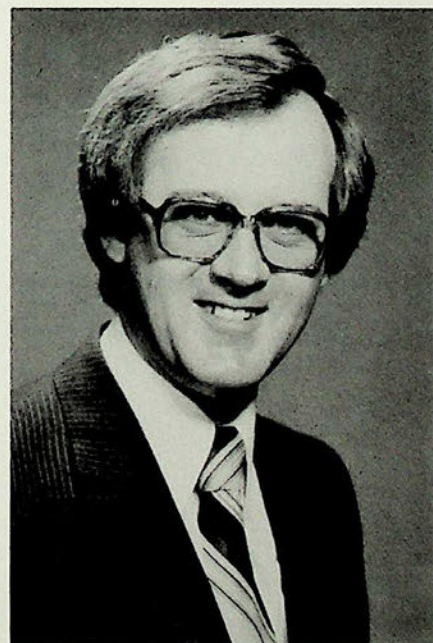

To the graduating class I extend my best wishes for success in your future endeavors, whether you enter the world of work or continue your studies in another setting. I hope that you will treasure this yearbook as a reminder of your years at the Alberta School for the Deaf and think fondly of the staff and other students with whom you shared the exciting experience of learning.

To the staff and all the students of the Alberta School for the Deaf, I extend my thanks for another successful school year and offer my sincere best wishes for your continued success.

Sincerely,

David King
Minister of Education

EDUCATION
School for the Deaf

Office of
K. W. Boesen, Superintendent

403/434-1481

6240 - 113 Street
Edmonton, Alberta, Canada
T6H 3L2

A yearbook is an important accomplishment. It concentrates on those students graduating, but it does more than that. A yearbook is also a record book of a school year. Each of us is human and each of us forget as time passes. Tomorrow, or many years from now, this yearbook will allow us to look back on this year and remember our accomplishments, our friends and our school during this year.

To the yearbook committee, yearbook sponsors, graduates, parents, returning students, staff and friends of the Alberta School for the Deaf I offer this salute in recognition of your contributions to the Alberta School for the Deaf. Together we have made this school what it has become. Together, we can make it an even better one in the future.

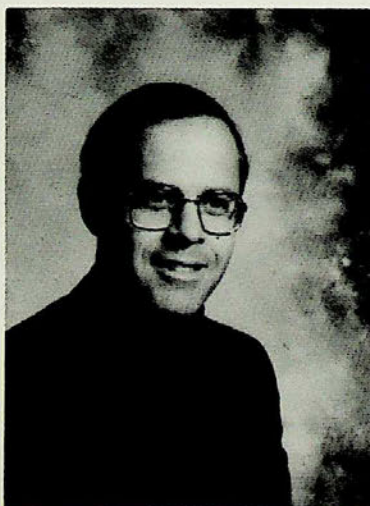

All best wishes to you.

Sincerely yours,

A handwritten signature in cursive script, appearing to read 'K. W. Boesen'.

K. W. Boesen
Superintendent

Principal's Message

This year six names of 1982 graduates were added to the long list of Alberta School for the Deaf graduates who have attended or are attending Gallaudet College in Washington, D.C. In addition, an extremely large sum of money was raised by the student body for the Canadian Cancer Society in a Terry Fox Run. We applaud and rejoice in the success of those individual boys and girls. When the outstanding abilities and talents of separate students combine, working for the good of the whole school as well as for the advancement of self, the result can be greatness.

Let me congratulate you, the students and your staff advisors on an excellent story in word and picture of another year in Alberta School for the Deaf's long tradition of achievement in work and play.

FRIENDS

June 24, 1982

"TO all my friends",

Friends are good until the ends,
It's been worth all these years, being friends with you
I don't want us to be apart,
But letters we still can send.

I've loved being with you ,
'Cause you are so nice
It was so special
The day I became friends with you.

Friends care for showing,
Loving, trusting and understanding
And through all the ups and downs,
Most of all for caring.

Myself I feel that you
Have been very close to me,
Since the day we met at school,
Friends like you are few.

I remember I was so new,
I was so very shy,
Every one didn't seem notice me
But the sky kept shining blue.

Finally I met a friend
Who really helped me a lot,
I felt so much better
That I became a friend.

I still keep hoping
Then at last I met you,
I feel you were good friends
So hoping to keep.

I am a kind person to you,
'Cause you are so nice
I'll always be friends with you
Never turn to ice.

We've been friends for a long time
You have become my sunshine,
Togetherness is for us
Through the winter and summer times.

But now we will all have a new start
'Cause we are apart very soon
Though I will not see you anymore,
You'll always be in my heart.

Please don't leave me
I wanna to stay with you
But I know it can't be true,
We will all be free.

You are so good to me
We'll become very close
When we are not together,
You'll be in there in my memory.

Friends are forever,
Forever never ends,
As long as we are still living
Friends are still friends, whenever.

But now it's time for us to go
So we must say Good Bye,
Good Bye is hard to say friends
Will I forget you all?--- NO!.

Through all our years together
We've laughed and we've cried
Though we'll go our own separate ways,
My love for you will go on forever.

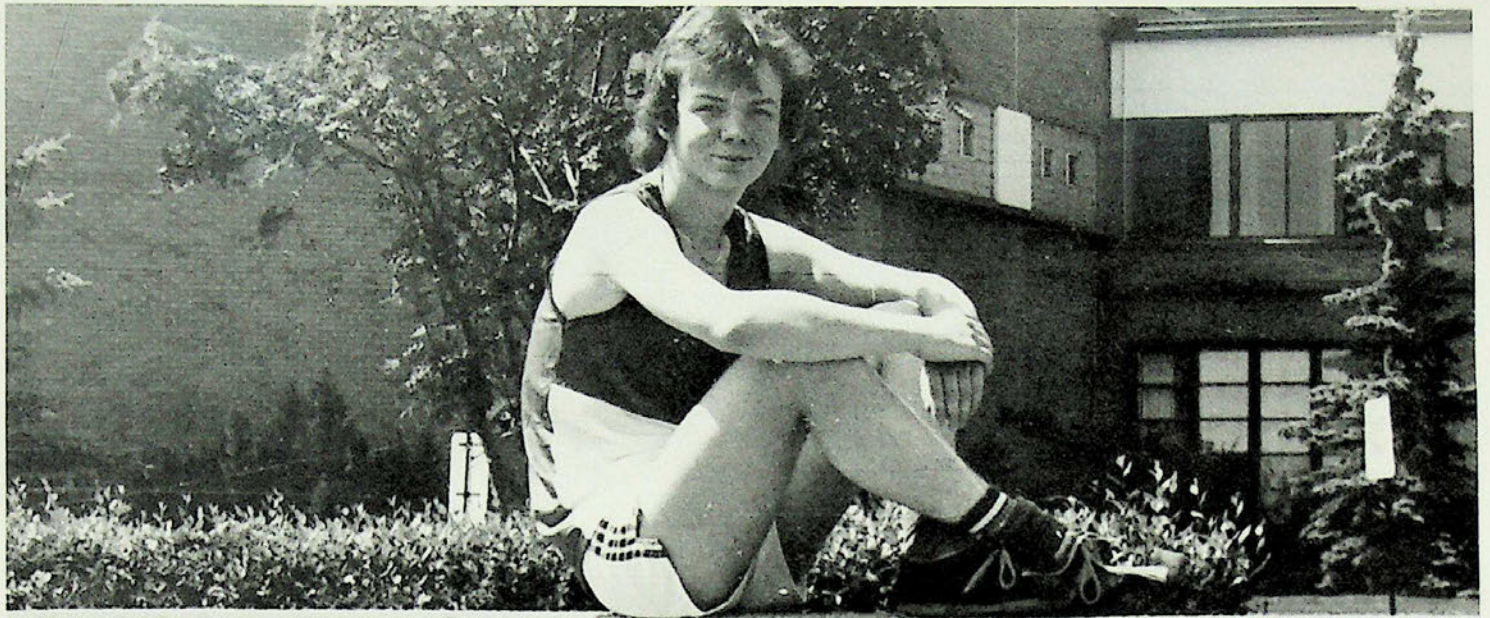

So good bye all my friends,
I am going to miss you
I wish we didn't have to leave
If I cry, it will never end.

But crying is part of good byes,
We'll be sad to go
Then I'll think how much I love you,
So I will be able to dry my eyes.

So Tonight let's all be happy,
Let's share this night together
When it's over, I'll wish you
luck and happiness
In the future which lies ahead.

Take care, Good Luck
Love Dellalee Piper

ALBERTA SCHOOL FOR THE DEAF OPENED 1955 GOVERNMENT OF ALBERTA

I am proud of our yearbook members and staff who worked very hard and successfully to complete Alberta School for the Deaf's 1982 yearbook.

Between September and December the Yearbook members met two evenings per week and completed last years book. From January to June they worked one evening per week on the 1982 Yearbook. During the year, about three quarters of the members quit for a variety of reasons.

I would like to thank Bill Hofstede, Dellalee Piper, Teresa Fleming, Eric Greene, Joan Dlugos, Steve Smith for working with me to complete the yearbook during the summer holiday.

I would be very upset if there was no Yearbook Club next year. I have heard that a Yearbook Club member plans to continue the club next year. I hope the Yearbook Club will continue at Alberta School for the Deaf in years to come.
